SOUTH CAROLINA LOWCOUNTRY

SENTINEL LANDSCAPE

SOUTH CAROLINA | Est. 2023

The South Carolina Lowcountry Sentinel Landscape supports the missions of Marine Corps Air Station Beaufort, Marine Corps Recruit Depot Parris Island, and Naval Support Facility Beaufort—installations that contribute \$2.2 billion to the regional economy and provide nearly 20,000 jobs. Their missions include recruiting and training U.S. Marines, supporting operations for the 2nd Marine Aircraft Wing, and providing critical medical services for active-duty Navy and Marine personnel.

Surrounding these installations are more than 2.2 million acres of longleaf pine forest, ranchlands, salt marsh, forested wetlands, and unbroken wildlife corridors in the southeastern corner of South Carolina. This diverse landscape provides essential natural infrastructure and habitat for imperiled species, while also supporting working farms and forests that are compatible with military readiness.

Partners established the South Carolina Lowcountry Sentinel Landscape in 2023 to protect ecologically significant areas, drinking water supplies, and working farmlands, all with the goal of maintaining long-term military readiness and installation resilience across the landscape.

Landscape Goals

Support compatible land uses and protect working farms and forests to prevent development that conflicts with military operations.

Establish and promote the Lowcountry Sentinel Landscape to ensure long-term military readiness.

Enhance environmental and operational resilience by promoting nature-based solutions to protect critical infrastructure.

Protect and enhance ecologically significant areas to support imperiled species.

Preserve drinking water quality and quantity and protect the health of local watersheds.

LANDSCAPE DETAIL

Total Sentinel Landscape Area: 2,256,592 acres

Total Protected Acres:

14,923

From year established through fiscal year 2023

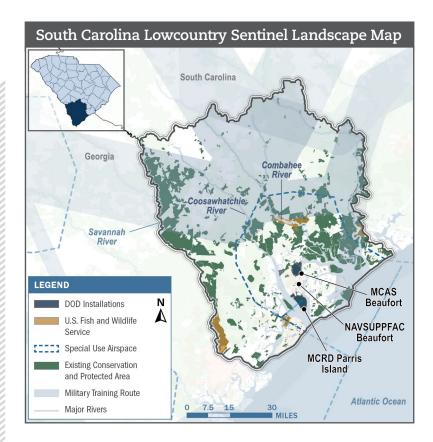

Total Enrolled Acres:

84,420

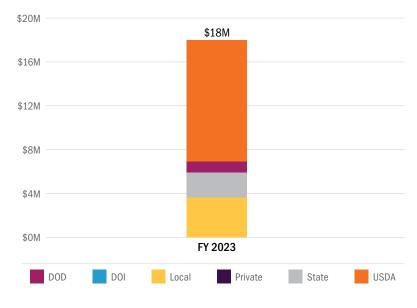

For fiscal year 2023

Active Base Area Acres:

13,597

South Carolina Lowcountry Sentinel Landscape Total Funding by Partner
