

## 2021 Sentinel Landscape Application

### Pre-Proposal Form

Deadline: March 29, 2021

**Guidance:** Please answer the following application questions. To the extent possible, your answers should flow as a cohesive narrative that shows why your local partnership would benefit from a sentinel landscape designation. Please review the 2021 Sentinel Landscape Application Guidance carefully before completing this form. All pre-proposals must be submitted through the partnership's [website](#) by no later than 8:00 PM ET on March 29<sup>th</sup>, 2021.

Representatives from the partnership will be available to answer questions regarding the application on February 3<sup>rd</sup> from 1:00 PM ET – 2:30 PM ET during a [live help session webinar](#). If you have additional questions on your application, please contact Jaime Simon at [jaime.e.simon.civ@mail.mil](mailto:jaime.e.simon.civ@mail.mil) or Megan Dougherty at [dougherty\\_megan@bah.com](mailto:dougherty_megan@bah.com).

#### Contact Information:

Please list a primary point of contact for this application—including the individual's name, organization, phone number, and email:

---

### 1. Military Mission

Please answer the following question only if your sentinel landscape encompasses *a single* military installation or range.

- A. Identify the anchor military installation or range for the sentinel landscape. Briefly describe the anchor installation or range's military mission and outline the encroachment, natural resource, and climate change challenges that it currently faces.

*Answer:*

*This question does not apply to me:*

Please answer the following question only if your sentinel landscape encompasses *more than one* military installation or range.

- B. Identify the military installations or ranges that the sentinel landscape encompasses. Describe the military missions of the installations or ranges and outline the encroachment, natural resource, and climate change challenges that the installations face individually and as a group.

*Answer:*

*This question does not apply to me:*

- C. Explain how the installation(s) or range(s) support (supports) key capabilities identified in the 2018 National Defense Strategy.

*Answer:*

*This question does not apply to me:*

## 2. Goals and Objectives

- A. Identify at least three but no more than six goals for the sentinel landscape. To be considered, goals must align with the mission priorities outlined in the *Fundamental Components* section of the Application Guidance.

*Answer:*

### 3. Partner Organizations and Local Coordination

- A. List the federal, state, local, and private partners that will actively participate in the sentinel landscape. Describe the contributions that partners—specifically DoD, USDA, DOI, and state agencies— will make to the sentinel landscape.

*Answer:*

- B. Briefly describe the framework through which partners will communicate and coordinate activities in the sentinel landscape.

*Answer:*

### 4. Implementation Plan

- A. Provide a brief outline of the activities that partners will complete to achieve the sentinel landscape’s goals. Include at least one but no more than two activities per goal. Briefly describe how the partnership plans to use federal, state, local, regional, and private resources in support of these activities.

*Answer:*

## 5. Geographic Focus Area

- A. Define the geographic boundary of the sentinel landscape. Provide a justification for why the boundary was selected and briefly explain the method that was used to delineate it.

*Answer:*

- B. If the sentinel landscape's boundary encompasses more than one military installation or range, then identify priority focus areas within the larger landscape.

*Answer:*

*This question does not apply to me:*

- C. Attach a map that displays the boundary of the sentinel landscape. Attachments must be submitted as PDFs. If the sentinel landscape map exists online, please include the URL below.
