10-YEAR ANNIVERSARY OF THE SENTINEL LANDSCAPES PARTNERSHIP

Over the past decade, the Sentinel Landscapes Partnership has achieved numerous milestones and accomplishments. As the partnership celebrates its 10-year anniversary, it's important to recognize those that have worked to advance the partnership's goals. Join us on April 26, 2023, to hear reflections and case studies from key sentinel landscape partners.

PARTNERSHIPS TO ADVANCE CLIMATE RESILIENCE IN SENTINEL LANDSCAPES

The Sentinel Landscapes Partnership recognizes that challenges related to resilience and climate adaptation have a significant impact on the partnership's shared objectives of conservation, working lands preservation, and national defense. As a result, the Sentinel Landscapes Partnership is finding ways to tackle these challenges in a holistic and outcomes-based manner. Join us on October 11, 2023, to hear from speakers that will highlight partnerships and opportunities to advance climate resilience in sentinel landscapes.

CONSERVATION FINANCE OPPORTUNITIES IN SENTINEL LANDSCAPES

Opportunities for conservation finance exist at the intersection of national defense and natural resource management. The Sentinel Landscapes Partnership recognizes that cross-agency collaboration in partnership with local stakeholders can lead to cost-effective conservation outcomes within sentinel landscapes. Join us on December 6, 2023, to learn from the Conservation Finance Network and their partners working in sentinel landscapes on how to use innovative funding and financing approaches to achieve conservation goals.
